

Past British Events

Since 1992, Patricia Kawaja owner of the British Bureau of Florida/FABB has organised hundreds of events for the British community---more than anybody else in Florida. We are in the process of listing them all here--work in progress! At Patricia's events, Brits have found jobs, met and married each other, made life-long friends and business contacts, gained crucial business advice and fellowship. Patricia has been deluged with thanks, verbal and written from grateful Brits. Without your work for the British community many of us would have been clueless and isolated, one lady in Delray Beach told me. Writing about her work, The Miami Herald named Patricia Kawaja "Miss Brit" in a 1993 newspaper article. I have been assisted on the night over the years by my super British team, who were key to making each event successful. I would like to especially thank Helen Tonkey [my right hand efficient superstar for many years, who is now back in the UK]. Likewise Gloria Howes, also back in UK---indebted always Gloria! Likewise Carie Ross of Hollywood Florida, who worked with me at my Miami and Broward British Network events and remains a treasured friend.--Patricia
