BRITISH SHOPS, ENGLISH TEAROOMS, FISH and CHIP SHOPS and BRITISH BAKERIES in FLORIDA

Call each place direct for info and directions. Some combine a British shop, tearoom, bakery with British shop at the same premises. The British Bureau is the only business maintaining current files on all of them. Please tell the shopkeepers you saw it on this website. Sadly, an alarming number of British shops have gone out of business since 2001. They are usually Mom and Pop run, many by Brits with no prior business experience in Florida, plus the toughening of the USA's import regulations since 9-11 has created major difficulties for anyone importing British foods from the UK. Please email any updates to publisher@britishflorida.com with your name/contact phone for verification. ALSO: These places carry copies of Union Jack British Newspaper--pick up your free copy there.
